

# AAT Level 2 Bookkeeping Blended Learning TEST

## Course Overview

Launch your career in accounting and finance with a qualification designed for junior and entry-level roles. This course provides a rock-solid foundation in financial administration, teaching you the essential principles of double-entry bookkeeping and basic costing.

Upon successful completion, you will earn an internationally recognized certification from the Association of Accounting Technicians (AAT). Highly valued by employers, this qualification perfectly blends practical skills, industry insights, and professional credentials—making it ideal for complete beginners or those looking to formalize their existing finance experience.

### What You Will Master:

- **Double-Entry Bookkeeping:** Learn the core mechanics of tracking business finances.
- **Basic Costing Principles:** Understand how businesses monitor costs and expenditure.

**Technical Requirements:** As this is an online, blended learning course, you must have regular access to a laptop or PC to participate.

## What You Will Study

The Level 2 qualification covers key topics including:

- **Introduction to Bookkeeping** – you will learn how to set up a bookkeeping system, process and record transactions for customers and suppliers as well as receipts and payments.
- **Principles of Bookkeeping** this unit builds on your knowledge from Introduction to Bookkeeping, you will also learn how to reconcile bank accounts, how to process journals and produce a trial balance.

Alongside technical accounting skills, you will also develop business communication and lifelong learning skills, helping you apply your knowledge confidently within the wider business and finance environment.

## Attendance Expectations

Delivered via blended learning, this course offers the flexibility to study at your own
