

HNC Engineering (General) (HTQ)

Course Overview

This is a two-year part time programme at Level 4.

This comprehensive program is tailored for individuals with a passion for engineering and a drive to excel in this dynamic field. Ideal for those who possess a curious mind, problem-solving abilities, and a knack for innovation, this course is designed to nurture aspiring engineers who are eager to broaden their understanding of various engineering disciplines. Whether you're a recent Level 3 graduate or a working professional looking to enhance your skills, this certificate equips you with the knowledge and practical expertise necessary to thrive in the ever-evolving world of engineering.

What You Will Study

The course comprises of core compulsory units of Maths and Science, which are designed to give you a broad overview of the subject area. You will study mechanical and electrical specialist units too, such as Mechanical Principles, Mechatronics, Engineering Design, Digital Principles, and project-based work.

Through the course you will also gain a sound knowledge and understanding of the engineering sector whilst developing research, critical thinking, and problem-solving abilities which are essential employability skills for work within this field.

Attendance Expectations

One day a week.

How You Will Be Assessed

This course is assignment based, using internally and externally set briefs.

Entry Requirements

48 UCAS tariff points from either:

- A Levels (including Maths/Science or a related subject)
- A BTEC Level 3 Extended Diploma in a relevant subject
- A BTEC Level 3 Diploma in a relevant subject
- An EAL Level 3 Diploma in Engineering Technologies

The following are also required:

- Two satisfactory references
- Grade C/4 or above in Maths and English

START DATE	LEVEL
September 2026	Level 4
STUDY MODE	DURATION
Part-time	2 years
AWARDING BODY	LOCATION
Pearson BTEC	Selby College

How to Apply

Student Support

Virtual Tours

Applications from mature students with relevant professional/life experience in an engineering environment are welcome. You may be required to provide further evidence to decide on your suitability for the course and an admissions test may be used in certain circumstances.

Fee Information

£3,700 per year.

Further Study

Progression to HND Engineering (General), which can be studied at Selby College.
