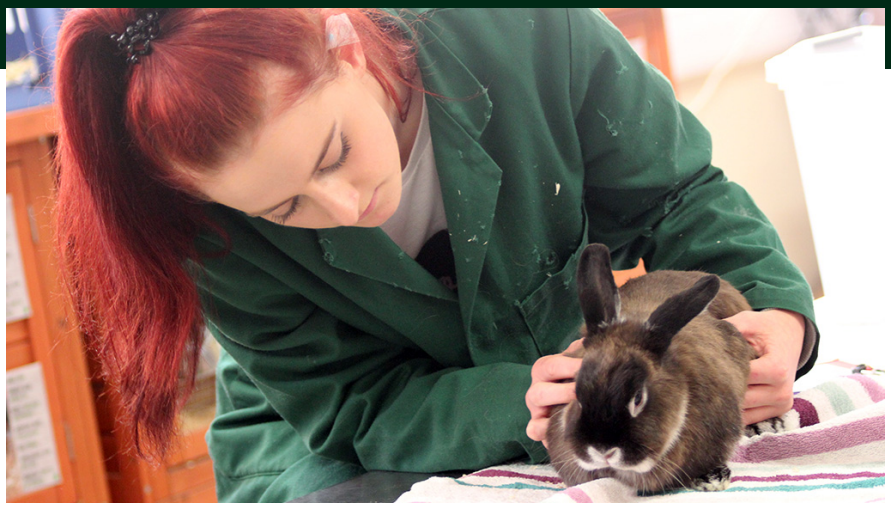
WAKEFIELD COLLEGE COURSE INFORMATION:

Level 2 Technical Diploma Animal Care

ANIMAL CARE
Wakefield College



Course Overview

Learners will have the opportunity to develop a range of skills required when working in the animal care industry such as team work, practical handling and organisational skills. These skills are gained whilst working in a real life setting within our animal care facilities. During the course learners will practice those skills during their industry placement. Our experienced animal care team will support you with your studies whilst sharing their industry experience and knowledge, making the course realistic and content current.

What You Will Study

- Practical Animal Health
- Introduction to Animal Biology & Health
- Animal Care Work Placement (75 hours placement minimum)
- Animal Welfare
- Animal Behaviour Assessment and Safe Handling
- Feeding, Accommodating & Moving Animals

How You Will Be Assessed

There are exam elements for Animal Biology and Animal Welfare. Remaining units have graded assignments and practical portfolio to complete.

Entry Requirements

5 GCSE's at 9-3 including English or Maths.
