Course Overview

This study programme is designed to give you the knowledge and skills needed to support the care and education of babies and young children in a day nursery or school.

The programme is aimed at learners who are thinking of working in childcare either in a nursery or a school or who are aiming to progress into higher education to complete an early years or primary education degree.

Please Note: Work placement opportunities will be available at all Levels.

Your learning will take place through a wide range of activities including written assignments (including leaflet and poster making), practical activities, discussions, visiting speakers, tutor presentations, group work, workshops, creating materials and resources, and practical experience in both the classroom and if appropriate within an Early Years setting.

What You Will Study

This study programme will cover a range of the topics and units at each level, some of which are listed below:

- Using Technology with Young Children
- Healthy Eating for Families
- Understanding Learning and Development Through Play
- Growth and Development of Young Children
- Preparing for Next Steps

How You Will Be Assessed

You will be assessed to make sure you understand what you have been taught in a variety of ways. This may include producing leaflets, answering questions or through presentation and practical tasks in the classroom.

Entry Requirements

No formal entry requirements.

Further Study

On successful completion and with the required English and Maths grades you can progress through the levels.
