

Level 1 Health & Social Care

Course Overview

Health and Social Care study programmes provide the knowledge needed when working in a health and social care environment, caring for young people, adults, and the elderly.

The programme covers a wide range of areas including; supporting individuals with their physical and emotional care, daily living needs and health care procedures.

Level 1 learners will visit care settings with their tutor or have guest speakers within the College, to gain an understanding of the skills and professional behaviours required when working in the care industry.

The average salary you could expect to earn working in the Health and Social Care sector is from the minimum wage for a care assistant up to £30,000 for a setting manager.

Please Note: Work placement opportunities will be available at all levels.

Your learning will take place through a wide range of activities including written assignments (including leaflet and poster making), practical activities, discussions, visiting speakers, tutor presentations, group work, workshops, creating materials and resources, and practical experience in both the classroom and if appropriate within a Health & Social Care setting.

What You Will Study

This course will cover a range of the topics and units at each level, some of which are listed below:
