

Minutes of the

Search and Governance Committee Meeting

Held on Tuesday 7th February 2023 at 2pm

In the Executive Meeting Room, Wakefield College

| | Members In attendance: Andrew McConnell (AM - Chair), Richard Stiff (RSt), Sam Wright (SW - Principal and CEO) | | |
|--------|---|--------|--|
| Apolo | gies: Claire Corneille (CC), Dmitry Fedotov (DF), Martyn Shaw (MS) | | |
| In att | endance: Antonia Praud (AP - Director of Governance). | | |
| ltem | | Action | |
| 1 | Welcome The Chair welcomed members to the meeting. | | |
| | There were no additional items of business to add to the agenda and no declarations of interest declared. | | |
| | Governors approved the apologies from Claire Corneille, Dmitry Fedotov and Martyn Shaw, with consent. | | |
| | Governors noted that the college was generating a good level of interest in the governor vacancies now. The committee recognised their roles as a selection committee, rather than a recruiting body. | | |
| 2 | Draft Minutes of the Meeting on 17th November 2022 The committee resolved to approve the minutes and confidential minutes, subject to two amendments: | | |
| | Page 4 – Item 5 – should read 50% Local boards Castleford and Selby, not Castleford and Wakefield. Item 7 – note Local Boards of Castleford and Wakefield. | 1 | |
| | Governors agreed to add to the model of governance, the preference to have a teaching and non-teaching staff representative on each local board. | 2 | |
| | Matters Arising from the meeting: | | |
| | 1 Simon Ward, Annabelle James and Simran Jandu were approved by the board at the December board meeting. | | |

| | 2 Ellie Halligan and Jess Smith were invited to the board meeting in December. | |
|---|---|--------|
| | 3 A number of online safeguarding sessions have been arranged with Carol Price via Teams. | |
| | Matters Arising from previous meetings: | |
| | 1 A report on Equality and Diversity is on the schedule for the next meeting. | 3 |
| | 2 The external review of governance update is on the agenda today. | 4 |
| | 3 Governor induction is ongoing. | |
| 3 | Student Governor Update Hayley Shillito (HS) led the project to set up Class Reps across the three colleges providing valuable student representation across the group, and has proposed that the two student governors for each local board, be requested from the group of class reps at each site. These students have already registered an interest in student engagement activities and representing their group, and there are clear synergies to the roles. Due to the timings involved in setting up the new student forums, it was proposed to ask for student representation from each campus, to attend the Local Boards for the remainder of the year. In the majority of cases, students appointed to the local boards this year, will be able to continue fo the entirety of the next year (one student would, subject to their successful completion of the first year), subject to satisfactory performance. | |
| | group board. The committee requested Jess Smith be asked if she would step up to be the other group student governor, attending the remaining group meetings this academic year, and providing valuable input from the HE student community. A lot of work had been completed by the Student Engagement team this academic year to promote the Student Union and to set up class reps acros the group. It was acknowledged this has been successful at Wakefield College, has progressed at Castleford College, but staffing changes means plans are behind schedule at Selby College. HS had asked class reps for expressions of interest in the roles on the Local Board and: | 5 s |
| | At Castleford, Callum Lavantiz, an apprentice, had registered his interest and a couple of other students are considering the opportunity. It is hoped to confirm the student reps on the committee in time for the next meeting. The committee were keen to recommend Callum, as a representative of the apprentices at Castleford College. | |

| | The Committee reviewed the report and noted the latest Register of Members of the Group Board. | |
|---|---|---|
| 4 | Governor recruitment and membership | |
| | Jess Smith continues as HE Governor on the Local Board, and it is hoped to have an additional student governor before the final meeting of this academic year. | |
| | It was acknowledged that ideally this needed to be in the remit of a staff member on site at Selby. It was proposed that Leigh Allsopp and Glenn Miller could support this activity and SW confirmed she would speak to them and add this to their brief. | 7 |
| | Governors noted that there had been a fairly active Student Union in the past, which hinged on the enthusiasm and organisation of a member of staff. The student union had dwindled in more recent times and the pandemic had impacted plans to establish other student led mechanisms. As there had not been an active group to build upon, it was acknowledged that it could take time to re-establish a student union. The local board would be keen for student participation as soon as practicable. | |
| | At Selby College, staffing challenges (capacity), had delayed activities, and apologies noted that the class rep system, and request for expressions of interest, were not completed in time for the meeting. Attention would be given to developing the engagement activities in the coming weeks. | |
| | Governors also confirmed the benefit of a range of representation (FE, HE, Apprenticeships etc) on local boards, and agreed this should be encouraged. It was therefore suggested that Marc and Nathan be approached, as Ellie is already attending as a Student Union representative and confirmed that the other local boards could be supernumerary too, for this initial year. | |
| | Governors noted that there would be no harm in having additional student representation on the local boards, especially in the early period of establishing the student governor role, and a number of advantages of additional student representation confirmed. | |
| | At Wakefield, Ellie Halligan has one of the two student positions on the local board. There are 3 students who are interested in attending: Nathan Fane an A-level student Marc Anderson – A L1 Public Services student. Governors acknowledged it would be good to have representation from the lower level courses on a local board. Josh Akester – An HE student (also the vice president of the Student Union). | |

| Retirements and Sabbaticals: | |
|--|---|
| Since the last meeting of the Committee, two governors confirmed their intention to step down: | |
| Ruth Sacks with immediate effect (on 21 November 2022). | |
| Janet Waggott from the end of March 2023. | |
| David Powell had also requested a 3 month sabbatical in December 2022 and the Chair confirmed they had spoken again on 6 th February, where as Chair of the Board, he approved an extension for a further 3 months. AM confirmed they had agreed he would have a further one to one meeting in May. Committee members passed on their best wishes to David and his family. | 8 |
| Governor membership: The committee recommended that Dmitry Fedotov should continue as the Interim Chair of the Curriculum and Quality Committee in the interim period. | |
| Governors reviewed the results of the latest skills matrix, and the latest vacancies, and impact on the composition of the board, from March. | |
| Governors also confirmed that at the recent Ofsted training session from Pauline Hagen, it had been emphasised that it is extremely useful to have FI or Teaching and Learning experience on the group board (excluding staff members). The Committee confirmed their support to recruit to one of the vacancies with this in mind. | 9 |
| Other areas identified for the group board included: Digital Skills (specifically a governor with a strategic perspective to support the digital strategy) | 9 |
| Sustainability (It was noted that the college needs a multi- disciplinary approach, looking at the future skills needed in the workforce, the changing build environment, technology, transport and energy. It was agreed it would be good to look for a partner in the region with green credibility – noting examples of the wind power and solar company near Goole, Siemens or an offshoot, or Dray) | 9 |
| Drax)Cyber security and IT | 9 |
| Local Board membership: Governors considered links to the Local Authorities and LEP's and the great loss to the board that Janet Waggott retiring will bring. It was acknowledged that the group's geographical spread meant it worked with multiple LEP's | |

| could be encouraged through local board membership. The team managed by Lorraine Cross can review their contacts for prospective candidates. 9 Links with Education partners: The committee also noted the benefit of Julian Harrison on the Castleford Local Board and agreed that having representation from feeder schools (Heads or Deputy Heads) on the Selby and Wakefield Local boards would be beneficial. SW confirmed she would follow up on this at the next Head's meeting and would ask James Pennington to garner interest on his engagement activities. 10 Community roles: It was noted that at Castleford College, the team had received some interest from a Community Officer. Having reviewed if this route was relevant for each college, it was noted that there is a very close and active partnership in Castleford, and this application should be progressed. 11 RS also proposed a contact, or member of his team from the West Yorkshire Health Trust, and agreed to make contact with him before the next meeting. 12 It was also acknowledged that the area that is under-represented on the Selby Local Board is someone from the business community. Following review, it was confirmed that business representation would benefit each of the local college boards. 9 Committee membership: 13 Mist noting it would be good to bolster and strengthen numbers and skills on each of the committees, it was agreed it would be good to recruit an additional member onto the Finance, People and Resources Committee with HR skills. 13 Having reviewed the balance and skills on the local committees, Governors agreed to recommend the following appointments to the board: 14 | | | |

| | All governors must have attended this or the in person session with Vicky Maybin. | |
|---|--|----|
| | Governors noted the additional training update in the board pack. | |
| | Appraisals: Appraisals will be held in the summer term and will be held before the final board meeting of the year, so that feedback can be considered as part of the review of the first year of governance for the group. | 15 |
| | The appraisal process will also include a 360 feedback review of the Chair and the Director of Governance. | |
| | Senior Independent Director (SID): Governors asked if the group might consider appointing a Senior Independent Director (SID). This is more unusual in the FE sector but is seen as a tool for good governance. The role could co-ordinate the 360 feedback, be a sounding board between the Chair and the rest of the board, and the role could be built into the whistleblowing policy. | |
| | Governors asked AP to research the sector, a job description and prepare a proposal. | 16 |
| | Governors challenged if this was seen as an additional role, and it was confirmed the appointment could be from existing members. Governors could be asked to make an expression of interest for the role. | |
| | Succession Planning: Two governors have noted interest in becoming Chair/ Vice Chair in the future. One governor is currently completing the Chairs of the Future programme, a new leadership development course delivered by the Institute of Directors and the Education and Training Foundation. | |
| | Board Development Event: It is proposed to have the next board development event on 3rd May. The session will focus on the infrastructure and estates policy, and an update on the development of the new sustainability strategy. | |
| | External Review of Governance: AP will review availability for a review in the autumn term, so it can reflect on the first full year of the new governance structure. | 17 |
| 8 | Review of Effectiveness of Meeting and Identification of Emerging Risks Governors confirmed the meeting had run efficiently but noted concern about attendance at this meeting. | |
| | They questioned if the timing of the meeting (early afternoon) or location (in person) was a contributing factor. | |

List of Actions from the meeting:

| 1 | Amend the minutes as directed | AP | ASAP |
|-----|---|---------------------|-------------------------|
| 2 | Update the governance model guidance | AP | Next |
| | | | meeting |
| 3 | Share EDI report at the next meeting | AP | 9 May 2023 |
